INVESTMENT OVERVIEW

The Cooper Commercial Investment Group has been exclusively retained by ownership to sell the 100% fee simple interest in the 182,487 S.F., Kroger Grocery anchored center located in Piqua, Ohio. Market Place is being offered for \$7,275,000, representing a 7.59% CAP and exceptionally low price point of under \$40/SF. The offering provides an investor the opportunity to acquire a stable center that includes Kroger, a McDonald's Ground Lease outlot and many other well-known national, regional and local tenants. In fact, over 80% of the center's tenants are nationally recognized and nearly all are corporately backed. The asset's diverse tenant mix offers many recession proof retailers creating long-term stability. Additionally, the 89% occupied center has upside potential through lease-up of the remaining vacant units and below market rents. The current tenant roster includes most tenants on Triple Net (NNN) lease structures, many with mid-term rental increases and several tenants that reimburse both an administrative and management fees. Market Place's tenants are a mix of tenured tenants, along with newly executed leases proving the desire to be located at the center and in the market.

The asset boasts a welcoming curb appeal with great visibility, excellent frontage and prominent pylon signage along one of Piqua's most heavily traveled roadways, US 36 (Covington Avenue). Traffic counts surrounding the center are in upwards of 40,000 vehicles per day. The entire development has multiple points of ingress and egress with 2 signalized entrances creating easy access to Market Place. Market Place is positioned in a growing market surrounded by an abundance of rooftops while also being positioned near other complimentary retailers and directly adjacent to one of Piqua's largest employers, Hartzell Propeller. The company employs over 265 employees which makes Market Place a convenient place to stop for groceries, lunch or dinner, as well as other necessary daily items.

The center also benefits from being located in a suburb to the densely populated City of Dayton (approximately 30 miles). Much of the residential base in Piqua commutes to Dayton via I-75, located just 2.5 miles from the property and also runs from Toledo to Cincinnati making Piqua an easy exit to stop at along the route. Dayton is home to Wright-Patterson Air Force Base, who is the largest single-site employer in Ohio with 25,000 military and civilian employees. The healthcare industry accounts for much of the Dayton area's economy. Hospitals in the Greater Dayton area have an estimated combined employment of nearly 32,000, and a yearly economic impact of \$6.8 billion. It is estimated that Premier Health Partners contributes more than \$2 billion a year to the region through operating/employment/capital expenditures. Other major corporations such as Reynolds and Reynolds, CareSource, Cargill, NewPage Corporation, Huffy Bicycles, LexisNexis, Kettering Health Network, Premier Health Partners, Standard Register, Dayton Reliable Tool and Teradata all have their headquarters in Dayton. Recently *Site Selection* magazine ranked Dayton the "#1 Medium Sized Metropolitan Area in the U.S. for Economic Development" and according to *Bloomberg Businessweek*, Dayton was one of the best places in the U.S. for college graduates to find a job. Being positioned just outside Dayton with the diverse mix of uses, services and staggered lease terms; the asset is well insulated for possible shifts in consumer retail demands and trends and will be a quality asset for many years to come.

LOCATION OVERVIEW

Located along the I-75 corridor, just above I-70, Piqua, Ohio offers a quiet “rural quality of life” that is just minutes away from big city attractions, with over 1000 acres of land zoned for industrial use, and numerous new housing developments offering a full continuum of housing for every lifestyle. Part of the Dayton Metropolitan Statistical Area, Piqua is located approximately 30 miles north of the city. Piqua has two main roadways, U.S. 36 (Covington Avenue), which runs east-west through much of the city, cutting the city almost directly in half and I-75, a major interstate that runs from Cincinnati to Toledo with direct access to Downtown Dayton. Market Place is also just 27 miles from Dayton International Airport.

The City of Piqua is the home to several major employers creating an employment base to support Market Place. Industry Products Company, the largest employer in Piqua serves the world’s largest automobile manufacturers, providing high-quality tooling, manufacturing and assembly of cargo and trunk systems, acoustic and water shield solutions and protective in-transit materials. Evenflo is the leading manufacturer of infant and toddler car seats and has become one of Piqua's leading employers with 285 employees, while Hartzell Propeller is the leading producer of small aircraft propellers and employs 268 people. The French Oil Mill Machinery Company also has a large presence as the company was founded in Piqua and has customers in over 80 countries, still serving the vegetable oil extraction market. In addition, the company is a world leader in synthetic rubber dewatering and drying machinery, and in hydraulic molding presses for rubber, thermoplastic and composite materials.

Due to the close proximity to Dayton, many residents of Piqua commute to Dayton for work but live in Piqua for the small-town feel. Dayton's major employers consist of Fuyao Glass America (0.25 miles), the world's leading manufacturing company specializing in automotive glass opened its 116-acre facility in late 2016 and employs 2,000 people at their facility. Dayton's employment landscape hosts significant research and development in fields like industrial and aeronautical. Several noteworthy innovations have been designed in Dayton due in part to Wright-Patterson Air Force Base and its place within the community. The Air Force Base is the largest single-site employer in Ohio with 25,000 military and civilian employees. Dayton's businesses have diversified into a service economy that includes insurance and legal sectors as well as healthcare and government sectors. The healthcare accounts for much of the Dayton area's economy. Hospitals in the Greater Dayton area have an estimated combined employment of nearly 32,000, and a yearly economic impact of \$6.8 billion. It is estimated that Premier Health Partners, a hospital network, contributes more than \$2 billion a year to the region through operating, employment, and capital expenditures. Dayton has been rated the #3 city in the nation out of the top 50 cities in the United States by *HealthGrades* for “Excellence in Health Care.” Many hospitals in the Dayton area are consistently ranked by *Forbes*, *U.S. News & World Report*, and *HealthGrades* for clinical excellence.

Many major corporations such as Reynolds and Reynolds, CareSource, Cargill, NewPage Corporation, Huffy Bicycles, LexisNexis, Kettering Health Network, Premier Health Partners, Standard Register, Dayton Reliable Tool and Teradata have their headquarters in Dayton. Recently *Site Selection* magazine ranked Dayton the “#1 Medium Sized Metropolitan Area in the U.S. for Economic Development” and according to *Bloomberg Businessweek*, Dayton was one of the best places in the U.S. for college graduates to find a job. Dayton is also among the top 100 metropolitan areas in the United States exports related jobs by the *Brookings Institution*. The University of Dayton (10,549+ students), Wright State University (17,775+ students), Kettering College (approx. 1,000 students) and Sinclair Community College (10,000+ students) are all located in Dayton and Sinclair is the largest community college at a single location in Ohio.
